校長的話

只要是學生的上學天，我都會站在學校正門迎接學生，和他們一一打招呼。期間我看到很多家長送子女上學，有些家長更是一位父親，我為這些學生感到欣慰，因為他們的父母是那麼關心自己的子女。如果你是這幸福的一群，應該學會感恩，勤奮學習，以回報父母。

另一方面，我又觀察到有些家長只是默默地拖著子女前行。其實家長們可善用這段時間和子女閒談，讓彼此多了解大家的想法，也可以送上鼓勵和讚賞的說話，並微笑地和子女揮手道別，令他們以喜悅的心情、帶著自信迎接新一天的學習。

綠化校園

學校致力美化校園環境，令學生在忙碌的學習中有機會欣賞到優雅的景致，鬆弛緊張的心情。本年度學校參加了康文署主辦2012/2013綠化校園工程獎獲得小園圃種植小學組亞軍。此外，學校又參加了青松觀主辦的屯門盆景蘭花展覽2013 盆栽花卉參展比賽，獲得小學組盆景組季軍，而4A 蘇衍鋒和1D 謝政橋同學分別包辦小學組環保盆栽的冠軍和亞軍，請大家細心欣賞學校和同學的努力成果。

Singapore trip

In June, Miss Lee Wai Chun and Miss Wang Kiu Kiu and of P.4 to P.6 students visited Singapore. Our students were excited and had a lot of fun during the trip.

Day 1 Hong Kong → Merlion Park → Clarke Quay → City Hall of Singapore
→ Boat Quay → Sir Stamford Raffles

Day 2 Sentosa Island → Images of Singapore → Universal Studios

Day 3 British Council → Marina Barrage → Sustainable Singapore Gallery
→ Chinatown

Day 4 British Council → Nyonya Museum → Kampong Glam & Sultan Mosque

Day 5 Little India → Newater → Hong Kong

Pang Chung Yin 4A

On the first day, we got on the plane to Singapore. The flight attendant was very kind and she gave me a candy. On the next day, we played in Universal Studios. The rollercoaster was the most interesting game and it was exciting.

On the third day, we had English lessons in the morning and we went to Chinatown in the afternoon. There were so many things for us to buy like toy cars, toy planes and toy ships and lots of other things. I bought two key rings. They were beautiful.

On the fourth day, we had English lessons in the morning. We got our certificates for completing the course. We took photos with the teachers. On the last day, we went to Little India. Some of us tried Henna. The lady drew pictures on the back of us hands. It was interesting.

I enjoyed the trip very much. Singapore is really a nice place to visit.

Sin Ying Lam 5A

I was so glad to go to Singapore since I have learnt a lot of Singaporean culture and English.

During the trip, we went to different places like Universal Studios Singapore, Merlion, Nyonya Museum...etc. My favourite places were Universal Studios Singapore and Merlion. The view of the Merlion was wonderful so I took a lot of photos there. My most exciting experience was riding on the rollercoaster at Universal Studios. Although I was scared at first, it was really exciting and interesting after riding on it.

After the trip, I think Singapore is a good place to live in and it is cleaner than Hong Kong. It was really an unforgettable experience.

I am looking forward to going to Singapore again.

Wong Ka Man 6A

I wanted to go to Singapore because it is a clean country and the food is yummy.

I visited Universal Studios, Chinatown, Merlion Park, Little India and other places. These places were beautiful. I took lots of photos and bought many souvenirs for my family. I felt very excited when we went to Universal Studios because I could play on so many mechanical rides.

My most unforgettable experience is playing in Universal Studios. The 4D games were exciting and amusing. I think this trip is very interesting because there were so many things for me to see and learn. I felt upset when I left Singapore. I really want to stay there.

So Hin Fung 4A

On the first day, when the aeroplane was taking off, I felt painful in my ears. Therefore the stewardess gave me some candies. I felt better. Then, we visited the Merlion and took some photos.

On the second day, we went to Universal Studios to play games. We took photos with Transformers. Herman was frightened while we were playing Guo and Shande.

On the third day, we had English lessons at British Council. We were divided into two groups. We listened to the teacher attentively. I felt happy because the teacher was kind and nice. In the afternoon, we went to Chinatown and bought some souvenirs. The things there were not expensive.

On the fourth day, we had English lessons again in the morning. Then, we went to Nyonya Museum in the afternoon. I saw a lot of exhibitions which were about the history of Singapore. It was interesting.

On the last day, we went to Newater. I learnt how the used water becomes clean again. It was amazing!

I felt very happy because I learnt many new things from the trip.

Wong Hoi Yi 5A

It was the first time to go to Singapore. I was so excited. During the trip, I visited lots of places like Merlion, Universal Studios and Peranakan Museum. They were so amazing! I have learnt more about Singaporean culture and how to communicate with other people in English. I also bought some souvenirs like merlion biscuits, key chains and pens.

My most unforgettable experience was riding on the rollercoaster at Universal Studios. I was frightened so I kept screaming while I was riding on it. After this trip, I think Singapore is really a nice place. I am looking forward to going to Singapore with my family in the future.

Chan Lok Yiu 5A

I am very pleased in Singapore. In these days, I visited the Merlion. It was as big as a shark. There's some water coming out from its mouth all the time. The water would flow to you when there was a breeze. You would feel very cool when you stood by the Merlion.

I visited Universal Studios too. There was a rollercoaster. It was very exciting. It spun and rolled. It climbed up and down! It moved very fast when it started. I felt very happy while I was riding on it.

I enjoyed very much in Singapore because there were a lot of beautiful places. People there were friendly and the country was pretty. It's an unforgettable and wonderful experience for me. I will never forget Singapore!

Chao Pui Shan 6A

I wanted to go on the trip to Singapore because Singapore is very beautiful and I can learn more English.

We visited a lot of museums, Universal Studios, Merlion Park, Little India, Chinatown and so on. In Universal Studios, we played lots of exciting games. I was very happy but the weather was very hot. When we went to Merlion Park, there were plenty of tourists. The Merlion is very beautiful and amazing.

The food in Singapore is delicious. The Nyonya food is spicy but also yummy.

Going to Universal Studios was my most unforgettable experience because I enjoyed the games.

I like Singapore very much because the Singaporean are kind and friendly. The trip was interesting. I want to thank the teachers, tour guide and my schoolmates. They make my trip wonderful. I hope I will go to Singapore again.

Wong I Tung 6A

I did a lot of interesting and funny things in Singapore. I visited Universal Studios Singapore, Little India, Nyonya Museum, Merlion Park. They were the famous places in Singapore. Therefore, I took a lot of pictures there. Moreover, I had a wonderful time at Universal Studios Singapore. There were lots of exciting games, such as roller coaster. I also learnt lots of new things and more about Singaporean culture which was so different from Hong Kong.

I felt very happy because it was the first time for me to go to Singapore. The trip was so amazing. The tour guide, Uncle Jeffrey, was really nice. I hope to go to Singapore again.

Kwan Ho Man 4A

On the first day, we went to Hong Kong International Airport by coach. When the plane took off, my ears hurt. One of the flight attendant gave me a candy and I thanked her.

On the second day, we went to Universal Studios. We played and took photos with the cartoon characters. We had fun.

On the third day, we went to Chinatown. We bought souvenirs like watches and key rings. They were very cheap.

On the fourth day, we had English lesson. We played English games with the teacher in class. We were happy and the games were interesting.

On the fifth day, we visited Newater. It is a company which helps to change dirty water into clean water. Then we went to Little India. It was fun but it rained heavily.

I liked this trip very much. I hope I can go there again.
